

“First Week” Parent Bulletin- Jan 31st, 2019

This bulletin provides an overview of important school information for all families. These points will be elaborated on over the coming weeks in our weekly Wednesday school newsletter.

Principal's Welcome

It is my great pleasure to congratulate all staff, students and parents on an excellent start to the school year. Our Book Pack day was a great success yesterday and we thank parents for embracing this process. It certainly makes the start of the school year much smoother when students have all supplies and are ready to learn.

While we are very pleased to welcome back all Year 1- 6 students and their families we are especially pleased to welcome our new Foundation students and their families to our school. I also extend a warm welcome to new families and students who have transferred in across a range of year levels.

I know you will join me in welcoming **new** staff to our school community. Lilian Devers has joined our specialist team to teach Chinese across the school. As always we are very appreciative of the work that our Education Support staff undertake within our school. We welcome Amanda O'Neill who will be supporting students in the Gumnut Neighbourhood. Isaac Moore and Sara Heckbarally have joined the Grevillea neighbourhood and will be supporting our Grade 3/4 classrooms. Andrew Logan is joining us and will provide support for students in the Ironbark neighbourhood. And we welcome the return of Carolyn Chiswell who will provide education support in the Grade 6 Whirrakee area. We also have a very special staff member, Bonnie, who will be joining our school and shall be introduced to students and families at the start of March.

We are indeed fortunate to have a very talented and highly skilled staff team who have high expectations for all students in our school. **All staff will be formally introduced to our community at our first whole school community assembly on FRIDAY, FEBRUARY 8.**

Both Curriculum and Wellbeing initiatives will continue to have a strong focus for our school in 2019. Our new Strategic Plan 2019-2022 will be in its first year of implementation. The following goals will be prioritised for 2019:

- To achieve high learning growth for all student in Literacy and Numeracy.
- To develop highly engaged and motivated students as partners in their learning.

A continued focus on Science, Coding and Mathematics will see a number of exciting community partnerships with our school being developed over the duration of 2019. We will continue to have a strong link with the Science & Discovery Centre.

Developing a positive school community will continue to be prominent in our thinking and daily work - our Wellbeing team has many new ideas to foster a greater connection for our parent community to our school, so please watch this space when it comes to Wellbeing @ KFPS.

Attendance will continue to be a focus this year with our 'Every Minute Matters' campaign. Students who have a **high record of attendance are in an excellent position to benefit from the broad range of curriculum activities** on offer at Kangaroo Flat Primary School, including the development of essential social skills and related understandings.

Thank you for choosing Kangaroo Flat Primary School to educate your child/ren. Please call in and see us if you wish to discuss any aspect of your child's education. We look forward to a very successful home school partnership in 2019!

Kind Regards,

Kim Saddler – Principal

Faye Martin – Assistant Principal
